AEOLIAN ISLANDS GULET CRUISE

A cruise designed to enable you to explore the seven pearls of the Mediterranean - The Aeolian Islands - on a gulet cruise. These relaxed small ship cruises provide an unforgettable itinerary, cruising between the small volcanic islands and exploring the small towns and villages. The Aeolian Islands are a dramatic series of islands and tiny islets off the north coast of Sicily, all created, and some still being created, by volcanic activity. Sailing from Milazzo on Sicily or the Island of Lipari, we will visit the islands of Vulcano (where 'volcano' was derived from), Lipari, Salina, Stromboli and Panarea. There will be plenty of time for swimming and exploring the islands, and in the evenings we will explore the restaurants of the ports and villages where we spend the night. Our on board chef will provide some fine lunches using local ingredients and recipes. The cuisine is very important and a highly skilled chef is a specialist in the preparation of traditional Sicilian dishes, such as pasta with sardines, fish couscous, busiati (a type of pasta) and many other specialities, served in a comfortable dining room surrounded by breathtaking scenery. NB This cruise needs a minimum number of 8 passengers to operate - Please do not book flights or make other arrangements until we have guaranteed the departure.
