

GALAPAGOS ANGEL BRAND NEW YACHT CRUISE 8 A

Embark on a captivating 8-day Galapagos Islands cruise, starting with North Seymour Island, where encounters with sea lions, blue-footed boobies, and magnificent frigate birds await. Explore Santiago and Bartholomew Islands, marveling at lava formations, underwater wonders, and the iconic Pinnacle Rock. Genovesa Island offers a glimpse of diverse birdlife, including Nazca and red-footed boobies. Santiago and Rabida Islands reveal unique landscapes and snorkeling opportunities with penguins, while Santa Cruz Island showcases giant tortoises at the Fausto Llerena Tortoise Breeding Center. The expedition continues to Española Island for albatross spotting and Gardner Bay's sea lion colony. Santa Fe and South Plaza Islands showcase land iguanas and vibrant marine life. The journey concludes with a visit to Black Turtle Cove, a haven for young marine species.

ITINERARY

Day 1: Sunday NORTH SEYMOUR ISLAND

In the morning: Baltra Airport Arrival

Morning flight from Quito or Guayaquil to Baltra, Galapagos Islands. You will arrive at Baltra Island in the morning. After passing through immigration and baggage claim, you will be met by a Galapagos Angel staff member and transferred to the yacht. You will be shown to your cabin where you will have some time to settle in before lunch and a welcome briefing.

In the afternoon: In the afternoon: North Seymour

In North Seymour you may see Galapagos sea lions, blue-footed boobies, and magnificent frigate birds which are abundant on

this island. North Seymour was formed by a series of submarine lava flows containing layers of sediment that were uplifted by tectonic activity. The island is characterized by its arid vegetation zone.

Day 2: Monday SANTIAGO AND BARTHOLOMEW ISLANDS

In the morning: Chinese Hat Islet

This small islet is located near the southeast coast of Santiago Island. Its name comes from the distinct shape of the islet's summit. Chinese Islet is a great location to view many geological formations such as lava tunnels and lava flows. Some of the lava flows were formed underwater and subsequently raised above sea level. The presence of coral heads on the lava flow indicates this phenomenon.

In the afternoon: Pinnacle Rock

You will head to Bartholomew Island where the famous Pinnacle Rock is found. Bartholomew consists of an extinct volcano with a variety of red, orange, black and even green volcanic formations. We will take a trail of stairs to the summit of the volcano (about 30 or 40 minutes) where you will enjoy one of the best views of the islands! You will also visit a small, beautiful beach surrounded by the only vegetation found on this barren island. The beach is perfect for snorkeling where you may even see and swim with Galapagos penguins.

Day 3: Tuesday GENOVESA ISLAND

In the morning: In the morning: Darwin Bay

Visit the white-sand coral beach of Darwin Bay which includes a half mile trail (0,75km) that winds through mangroves filled with

land birds. Nazca boobies, red-footed boobies, and swallow-tailed gulls, which can easily be spotted here. Further down the path we'll find tidal pools where sea lions swim playfully. At the end is a spectacular view of a cliff.

In the afternoon: El Barranco

El Barranco, also known as Prince Phillip's Steps, is a steep, rocky path that leads up a high cliff rock face. A marvelous view can be appreciated from here. This site is also home to Palo Santo vegetation as well as red-footed boobies, short-eared owls, Galapagos storm petrels, and Galapagos doves.

Day 4: Wednesday SANTIAGO AND RABIDA ISLANDS

In the morning: In the morning: Egas Port

Egas Port, also known as James Bay, on Santiago Island is home to the curious Galapagos hawks and quick-footed Galapagos lava lizards. The trail leads to the coastline with gorgeous tide pools and grottos full of fauna. Here the Galapagos furseals bathe in the sun. This is also a great snorkeling site.

In the afternoon: Rabida

You will visit Rabida Island (or Jarvis) which is one of the most colorful and volcanically varied islands in the archipelago as well as a great snorkeling site. We will start on Rabida's famous maroon/red sand beach, and after an easy hike, you will arrive to a stunning lookout to enjoy the amazing landscapes. The island is a birdwatcher's delight. Some species are abundant such as a few varieties of finches, Galapagos vermilion flycatchers, Galapagos hawks and brown pelicans.

Day 5: Thursday SANTA CRUZ ISLAND

In the morning: Fausto Llerena Breeding Center

You will visit "Fausto Llerena" Tortoise Breeding Center in Puerto Ayora, where giant tortoises are bred in captivity. This is home to tortoises ranging from 3-inches (new hatchlings) to 4-feet long adults. Subspecies of the giant tortoises interact with one another, and many of the older tortoises are accustomed to humans stretching out their heads for a photo opportunity. The babies are kept until they are about four years-old and strong enough to survive on their own.

In the afternoon: In the afternoon: Highlands

Accessible by bus from Puerto Ayora, the highlands of Santa Cruz are a deep green which contrast beautifully with the dry, lower part of the islands. The predominant vegetation in the highlands are Scalesia trees which create a lush green forest. The lava tunnels, over half a mile long, are underground and walking through them is a unique, surreal experience. At this place you'll have lunch.

Day 6: Friday ESPAÑOLA ISLAND

In the morning: Suarez Point

On the trail to Suarez Point you will have the chance to spot blue-footed boobies, albatrosses, and Nazca boobies. This island is the breeding site of nearly all of the world's 12,000 pairs of waved albatrosses. You will also visit a beautiful site on the ocean front where there is a cliff that the large albatrosses use as a launching pad! You will have the chance to see the famous blowhole that spurts sea water into the air. The landscape is great for photography.

In the afternoon: In the afternoon: Gardner Bay, Gardner Islet & Osborn Islet

This excursion takes you to the spectacular Gardner Bay. After landing, you can walk across a lovely white-sand beach amongst a busy sea lion colony or dive into the water to swim with sea lion pups. You may also see curious mockingbirds on the beach.

Day 7: Saturday SANTA FE AND SOUTH PLAZA ISLANDS

In the morning: Santa Fe Island

Santa Fe Island (Barrington) is home to the small picturesque bay and anchorage on the island's northeast coast. The bay has two visitor trails: one leading to a scenic viewpoint atop a cliff, and the other spanning from a small beach to a tall prickly pear cactus forest.

In the afternoon: South Plaza Island

This small island with steep cliffs was formed by rising lava and is now covered by Opuntia cacti. It is also home to one of the largest sea lion colonies as well as colorful yellow and red land iguanas. The most characteristic plant is the Sesuvium. During the rainy season its color is a greenish to yellowish tone and in the dry season (end of June through January) a bright red.

Day 8: Sunday SANTA CRUZ ISLAND

In the morning: Black Turtle Cove

Visit Black Turtle Cove in the northern part of Santa Cruz. This

inlet is surrounded by mangroves and is only accessible by dinghy. The shallow cove is a haven for young marine life. Black-tip and white-tip reef sharks, sea turtles, and a variety of rays are often spotted here.

Afterwards: Baltra Airport Departure

After this final visit, you will be transferred to the Baltra airport in time for your flight back to the mainland.

Please Note:

Itineraries are subject to change.

YOUR SHIP: GALAPAGOS ANGEL

YOUR SHIP:	Galapagos Angel
VESSEL TYPE:	Motor Yacht
LENGTH:	115 ft (35m)
PASSENGER CAPACITY:	16
BUILT/REFURBISHED:	2023

The Galapagos Angel is our newest first-class private yacht with the highest navigation standards for the best sailing experience on the sea. The addition of this new first class motor yacht to the Galapagos' largest and most prestigious fleet will include adventure, comfort, and exclusivity. Designed and built in the Netherlands, the Galapagos Angel is almost ready to explore the Enchanted Islands with outstanding itineraries and top-notch service. With two large suites and six convertible cabins, the yacht accommodations are comfortably designed for 16 passengers, who can enjoy breathtaking views through the panoramic windows and of sharing their day-to-day experiences with their loved ones by using our onboard WiFi service. Leave your trip in the hands of the crew members and our certified bilingual naturalist guides, who will show you the most outstanding places in the islands and make you live an unforgettable experience.
