

GALAPAGOS WESTERN HIDDEN JEWELS CRUISE - B

The Galapagos Western Hidden Jewels Cruise is an 8-day journey exploring the stunning and diverse ecosystems of the Galapagos Islands. Starting with a visit to the highlands of Santa Cruz to see giant tortoises, the trip takes you to Isabela Island for snorkeling with white-tipped sharks and exploring mangroves. You'll experience the unique lava fields of Moreno Point, the rich wildlife of Elizabeth Bay, and the pristine mangrove ecosystems of Fernandina Island. Highlights include observing land iguanas and Galapagos hawks at Urbina Bay, snorkeling in the nutrient-rich waters of Tagus Cove, and exploring the bird colonies and marine life at Espinoza Point. The adventure continues with the historical Buccaneer Cove, the vibrant cliffs of El Barranco, and the birdwatching haven of Darwin Bay. The journey concludes on North Seymour Island, home to blue-footed boobies and frigate birds, before returning to Baltra for departure.
