HISTORY AND CULTURE VISITING CARIBBEAN JEWELS IN LUXURY

Le Ponant, the first Relais & Chateaux sailing yacht. The finest travel address on the waters of the world. The Caribbean. The mere mention of this vast archipelago conjures images of waves dancing along the shoreline, lapping against long beaches lined with elegant palm trees. During this unforgettable 8-day cruise, spend your time contemplating and exploring aboard PONANT's emblematic yacht. You will move away from the lively shores of Marigot and sail under wind power towards the Anguilla archipelago, a little-known jewel where you will be able to reconnect both with yourself and the surrounding elements. The two small uninhabited islands of Prickly Pear Cays, separated by a narrow channel and surrounded by rocky protrusions, are heaven for divers and birds. The island is also home to Lesser Antillean iguanas. You will set sail again, for St Barts, a small island in the Tropics offering an exceptional and windswept stretch of water. Sailing is synonymous with pleasure in these warm waters, even when the sea spray makes it onto the deck. Le Ponant will set sail towards Saint Kitts and Nevis. Thanks to the perfect conditions, sailing here is a delight for all the senses. Lying on the deck, you will let the wind and the sunshine caress your skin, while the crew sail the mainsail. In Charlestown, on the island of Nevis, you will discover the port facilities built by Admiral Nelson. You will also be able to visit the birthplace of Alexander Hamilton, one of the founding fathers of the United States, as well as St John's Fig Tree Church, which houses the original marriage certificate of Lord Horatio Nelson and Fanny Nisbet. Nevis also has a very beautiful botanical garden. You will find Admiral Nelson's works in Nelson's Dockyard, in Falmouth Harbour. This is also where his former residence may be found.

You will reach Barbuda, where you will be able to relax on beaches of white and pink sand bathing in crystal-clear water and observe the many seabirds, particularly the magnificent frigatebirds. Soon, deeply breathing in the air on the deck of the three-mast yacht, you will be enchanted by the infinite palette of blues in the Caribbean Sea. As you approach Les Saintes Bay, which is one of the world's most beautiful bays, you will glimpse Fort Napoleon crowning the summit of the island. After this odyssey embracing the elements, feeling refreshed by this special experience aboard Le Ponant, as if you were on your very own yacht, you will return to terra firma in

Pointe-a-Pitre.

Day 1 MARIGOT

money can't buy...

Day 4 CHARLESTOWN, NEVIS

Located on the west coast of the French side of Saint Martin, an island in the north-east of the Caribbean Sea, Marigot has stunning discoveries in store for you. Its streets are home to old Creole huts, the traditional dwellings in the 19th century, as well as a host of luxury boutiques and artist studios. Overlooking Marigot Bay and facing Anguilla, Fort Louis is an ideal spot from which to admire the Simpson Bay Lagoon and the surrounding small, lush mountains. For those who enjoy walking, taking a lovely stroll from the Fort Louis marina via the market, is an opportunity to fully enjoy the easy way of life in this charming, picturesque town.

Opposite Saint-Christopher island, Nevis will win you over by its more easy-going rhythm than its neighbour, and by its tranquil atmosphere. Go ahead and explore the rich history of this island, admire its Georgian architecture in Charlestown and smell the wonderful scent of the tropical flowers in Nevis's botanical garden. The sumptuous landscapes that adorn this volcanic island offer you pleasant hiking opportunities at the foot of Nevis peak. And to cool down, you'll enjoy taking a dive into the turquoise waters, so characteristic of the Caribbean...

Day 2 PRICKLEY PEAR CAYS

Day 5 FALMOUTH BAY

Day 3 GUSTAVIA

Lovers of this island call it Saint-Barth. This French island in the Lesser Antilles was discovered by Christopher Columbus in 1493. Ever since, this tiny mountainous volcanic gem with its unspoilt nature has been enchanting visitors. You will enjoy the beauty of its large paradisiacal beaches, plus the charm and refinement of its old wooden houses and its sumptuous colonial manors. Although, as you saunter through the rues de Gustavia or Saint-Jean, you'll come across jewellers, top fashion boutiques and fine restaurants, there is also a simplicity that

Located to the south of the island of Antigua and Barbuda, Falmouth Bay is home to a marina that is the perfect starting point for visiting Nelson's Dockyard, where the former naval base and former home of the British Admiral Horatio Nelson can be found. This village was built in 1725 to act as a base for the squadrons of ships that used to patrol the waters of the West Indies to ensure British naval supremacy. It is the last naval dockyard of the Georgian period to be so well preserved and still active. This UNESCO World Heritage Site includes a collection of buildings and port facilities surrounded by a fortified compound.

Day 6 BARBUDA

During your port of call in Barbuda, an island influenced by British culture in the north of the Lesser Antilles, you'll discover idyllic beaches of white powder-like sand bathed by turquoise waters of striking intensity. The very British colonial atmosphere of English Harbour, a former Royal Navy base, mixes with creole culture in a happy union. This Eden, which has managed to stay calm and intimate, is brimming with very wild fauna and flora. Arts and crafts are present in the markets and shops, where you'll find wooden statuettes, printed fabrics and very good rum produced in the island's distilleries.

Day 7 LES SAINTES

During the feast of All Saints in 1493, Christopher Columbus discovered this archipelago of nine islands that he named "The Saints". Today, only two of them are inhabited. Terre de Haut, in the east, is dominated by the Morne Mire hill; at the summit stands Fort Napoleon, paying homage to the islands' history. In the heart of the botanical garden, shared by iguanas and cacti, there is an exceptional view of the Baie des Saintes, one of the most beautiful in the world. The long shady beach of Pompierre, where it is forbidden to drop anchor, is a peaceful place for a swim, while Pain de Sucre Beach offers wonderful opportunities for snorkelling. On the island, don't forget to taste the local speciality, the "tourment d'amour", a cake made with coconut.

Day 8 POINTE-À-PITRE

At the crossroads of cultures, where European influence mingles with the richness of the Caribbean and the diversity of indigenous traditions, Pointe-a-Pitre promises a unique experience. Here, nestled on the southern coast of the island of Grande-Terre in Guadeloupe, in the heart of the Caribbean Sea, you will fall in love with the heavenly landscapes that reveal themselves to you, including white-sand beaches, verdant mountains, and lush tropical forests. Along the bustling streets of the city, you will discover Creole authenticity through the colourful markets, the traditional wooden houses, and the warm hospitality of the locals.

Le Ponant becomes world's first sailing yacht to obtain Relais & Chateaux label After four years of regular ad hoc partnerships, PONANT and Relais & Chateaux are strengthening their ties. The three-master joins the large family of Relais & Chateaux establishments as a new member. It is the first sailing yacht in history to obtain the label and be included in its catalogue of the finest travel addresses in the world. In 2019 & 2020 Le Ponant underwent a huge revamp. Her capacity was reduced from 64 to just 32 passengers who will be served by a crew of 34. Following in the nautical tradition of three-masted sailing ships, Le Ponant will take you on a voyage of discovery. The ship provides intimacy and convivial atmosphere and the refined life on board, the welcoming charm to your cabin, the lounges and the restaurants setting are invitations to relax. Le Ponant is one of the most majestic sailing vessels in the world. With 16 spacious cabins and suites, one crew member per passenger, a dedicated chef, and authentic and exclusive experiences to be enjoyed at every stop, designed for and with you, the ship redefines the concept of luxury yachting and promises you an extraordinary experience. In addition to its tasteful and refined design by Jean-Philippe Nuel, it has many innovative and

environmentally friendly amenities. Conserving the environment is one of our priorities. We have therefore chosen to invest in innovations and equipment at the cutting edge of technology, with the aim of achieving the highest standards possible in the sector. Le Ponant is the only yacht in the world with a hybrid propulsion system. This uniquely designed three-masted schooner can rely solely on its sails but also can connect to the electricity network in certain ports to limit its ecological impact. On board, we have banned the use of plastic in straws, laundry bags, cups and individual food portion packaging. Packaging is collected from our warehouses. Unavoidable plastic waste is sorted and entrusted to resource-recovery companies, who monitor its traceability until its elimination. Le Ponant is equipped with a complete desalination and wastewater treatment system. This biodegradation process works without the use of chemicals. It provides clean water and meets the highest quality standards. On board, 60% of packaging is recycled, while the rate elsewhere in the world is only 20%. The rest is 100% traced. We have on-board compactors adapted to each type of waste and are working to optimise their management on land. Under full sail, gliding over the sea with the wind, you will fall under Le Ponant's spell. Please click the following links to read more about Ponant and the other Ponant
