SVALBARD: ROUND TRIP TO LONGYEARBYEN

Explore the High Arctic wilderness within the Arctic Circle between 74° and 81° north on our 7-night Svalbard Discovery cruise on board a boutique expedition ship. Admire the striking scenery on a voyage around Norway's outlying Svalbard archipelago where only a few intrepid adventurers and explorers have been before. These remote islands of Spitsbergen, Nordaustlandet and Edgeøya reveal their secrets as you come ashore to rugged landscapes bordered by tundra where wildflowers blossom under the midnight sun. Polar bears prowl the icy wilderness for hapless walrus, beluga whales swim along and expect to see black-legged kittiwakes swooping overhead as we cruise through icy fjords and past towering glaciers. Our journey to and from the world's most northerly town will leave you feeling on top of the world.

Days 2 - 7 - Svalbard

Itineraries are subject to change.

Located deep inside the Arctic Circle, approaching the Svalbard archipelago feels a lot like sailing towards the edge of the world. Known as the kingdom of the polar bears, we'll be hoping to spot some of its subjects as we explore some of the most varied polar landscapes in the Arctic. Down in our Zodiac boats, we'll get close to the gargantuan glaciers, rapidly retreating from the oceans that they feed. In the north of the archipelago, past the magnificent fjords, the remaining sea ice offers the perfect hunting ground for polar bears. Closer to Longyearbyen, the landscape is punctuated with large areas devoid of snow and ice alongside vast tundra and exposed beaches. Alongside Svalbard's 600 polar bears, this Arctic wildlife hotspot is also home to walrus, Svalbard reindeer, ringed seal, the arctic fox and many species of marine mammals and seabirds.

To ensure that all guests can safely evacuate during an emergency, guests requiring a wheelchair can only be accommodated in our ADA-accessible cabins. We offer an Oceanview and a Balcony stateroom on Diana. These staterooms are specifically designed to be completely ADA compliant and have a fully operable wheelchair-access wet unit. Diana has two lifts, serving every passenger deck apart from the Stargazing top deck, which is, therefore, more difficult to access, as are the Aft Marina and

Swan's Nest forward observation platform. Also, we don't have special equipment to access the swimming pool, jacuzzi, or sauna. Otherwise, the ship is entirely at your disposal. Many of the expeditions ashore in remote places are by Zodiac. Boarding these boats and returning aboard can present challenges for wheelchair users, as can navigating uneven terrain. These challenges are by no means always insurmountable, though, and our highly experienced crew is trained to provide reliable advice and assistance. They will make every effort to ensure wheelchair-using guests enjoy a memorable experience at each destination. Our general guidance, however, is to recommend wheelchair users travel with a companion for their ease and enjoyment. If you prefer to remain aboard, our panoramic interiors and ample open decks ensure an immersive, intimate experience of your inspiring

surroundings.
